Water Quality Standards Technical Advisory Committee

August 3, 2012

[9:00 a.m. to 4:00 p.m.]

Wallace Building Conference Rooms 3E&W, Des Moines, IA

Topics to be considered:

1. How to establish chemical-specific limits based on a narrative criterion. Narrative criteria are statements that describe the desired water quality goals;
2. How to consider the total residual chlorine loss in mixing zone, the mixing zones are allowed for discharges when there is no serious health risk and no lethality to organisms; and
3. Clarification of how the *E. coli* sample maximum should be applied and implemented through the state's water quality standards.

Attendees: Jon Martens, Mick Durham, Laurie Twitchell, Jay Brady, Greg, Sindt, Joe Pille, Sherman Lundy, Gene Parkin, IDNR Staff, EPA Staff

Lunch: Refrigerator available if you would like to bring your own lunch or we can order from Jimmy Johns and they will deliver.
